RetireChattanooga - "...the undiscovered gem of Tennessee" -The NY Times

Welcome to one of America's most livable mid-sized southern cities!

Nestled in a bend on the Tennessee River and surrounded by mountains and lakes, Chattanooga is so beautiful that it inspired a community-wide quest to make it the best mid-sized city in America and a true "Scenic City of the South". For more than 20 years, we have continued to win acclaim for our entrepreneurial spirit and community drive that has resulted in national best practices for our downtown revitalization, affordable housing, Green & LEED Certification and much more.
