

Carlisle Masonic Center

We Are Wired for Pleasure!

We have Wi-Fi throughout the building with 50Mb down and 10MB up internet access. Our audio systems have both wired and wireless microphones available in the Social Room and in the Lodge room. We have the ability to show 720 P Widescreen resolution video on our 160-inch screen with audio from almost any source including computers, android devices, and apple devices using Wi-Fi and/or wired connections. The projector is only available in the social room. Both rooms have audio that was designed to be the same volume throughout the entire room. In both rooms, the speakers are in the ceiling.

Caterers, Vendors, Your Choice!

You are welcome to bring in your choice of vendor to provide your catering needs. We can help you identify a list of providers.

SOCIAL ROOM

You will have plenty of space to dance the night away on our 26x16' dance floor. We have the tables and chairs the rest of the decorating is up to you! The room is 66' x 23' giving you 3,498 square feet for your event! Add-in the reception area that is 23' x 62' and you will have all the space you need!
