Roundtable discussion of agritourism businesses – best advice you ever received about getting into agritourism, plus issues, concerns, celebrations.

Kansas Farm Bureau – Nancy Brown

Adjourn

A couple of things I want to share with you all today. The **Kansas Dept of Labor** has a list of **Qualified Inspectors for Amusement Rides** on their website (right side tabs) if you do have rides that need inspection.

Follow this link for the list, other information and Registration and Application for Permit: <https://www.dol.ks.gov/safety/park.aspx>

We do still have several spots open if you would like to market your businesses for **free** in the **Kansas Tourism** booth at the **State Fair**. We are in an air-conditioned building, just catty-cornered from the Butter Sculpture. Give me a call or drop me an email if you are interested.

The Kansas Tourism Conference is Monday, October 22 – Wednesday, October 24, 2018 in Junction City. As a part of the Kansas Tourism Industry, I hope you all make plans to attend. Registration is here: <https://tiak.org/events/kansas-tourism-conference/>

I have been sharing information about Kansas Agritourism businesses on the Kansas Agritourism Facebook page, pretty much just sharing content from your business Facebook page. The number of followers continues to grow, so please keep sharing with your contacts as well.
