Acknowledgments
The Las Vegas Convention and Visitors Authority and Heart+Mind Strategies extend thanks to the Las Vegas community for its cooperation in this research project. Special appreciation is noted for cooperation and assistance received from the hotel and casino industries. Appreciation is also extended to the interviewers and Las Vegas visitors, without whose dedicated cooperation this study could not have been completed.

EXECUTIVE SUMMARY

In 2022 Las Vegas showed a strong recovery from the effects of the COVID-19 pandemic, while continuing to attract new visitors. With the pandemic gradually receding in the course of the year, 2022 data saw visitor planning horizons, activities, spend, and satisfaction evolve from the COVID era. While not at pre-pandemic levels, more visitors than last year attended shows, and there was a gradually recovering percentage of international visitors as well. Visitors were more likely to visit Downtown, to attend sporting events and to go to paid Las Vegas attractions.

Among the findings of the 2022 report, below are some highlights.

- **Strong Satisfaction:** More than three-quarters (77%) of visitors to Las Vegas in 2022 said that they were “Very Satisfied” with their visit, up from 70% in 2021, while one in five (20%) said they were “Somewhat Satisfied”. Only 3% of visitors were dissatisfied with their visit.

- **Expectations:** Las Vegas met (53%) or exceeded (41%) expectations among the majority of visitors.

- **Gradually expanding booking windows:** More Las Vegas visitors booked their trip over a month before arrival in 2022 than in 2021, while about one third (35%) booked their trip from a week to a month in advance, down from last year.

- **Larger travel parties and more traveling with kids:** The average party size (average of 2.5 adults) was higher than last year, and one in six (16%) visitors said they were traveling with people under 21 years old in their party, down from last year, but still up significantly from pre-pandemic results.

- **Significant Spending:** Per-trip spending increased significantly across most categories, particularly for lodging, food and drink, and shows and entertainment.

- **Gaming Growth:** While comparable levels of visitors gambled during their stay in 2022 vs. recent years (75% in 2022), the average trip gaming budget was $761.22, well above pre-pandemic levels.

- **Younger and More Diverse:** The average age of visitors was 40.7 years, down from 43.2 years in 2021, and the 2022 visitor profile continues to be more ethnically diverse, with higher rates of Asian/Asian American and Hispanic/Latino visitors.

- **Improving International:** While remaining below pre-pandemic levels, the international visitor segment (9%) saw some improvement over pandemic lows of 3% in 2021.
INTRODUCTION

The Las Vegas Visitor Profile Study is reported annually, to provide an ongoing assessment of the Las Vegas visitor, and trends in visitor behavior over time. Through 2021 the report was based on ongoing intercept surveys of travelers to Las Vegas. Beginning in 2022 an online component was added to reach a broader cross-section of visitors to Las Vegas.

More specifically, the Las Vegas Visitor Profile aims to:

• Compare 2022 Las Vegas visitors with 2021 visitors as well as pre-pandemic visitors from 2017 – 2019 (due to the pandemic no report was issued in 2020).
• Provide a profile of Las Vegas visitors in terms of socio-demographic and behavioral characteristics.
• Monitor trends in visitor behavior and visitor characteristics.
• Supply detailed information on the vacation and gaming habits of different visitor groups, particularly gaming and non-gaming expenditures.
• Allow the identification of market segments and potential target markets.
• Provide a basis for calculating the economic impact of different visitor groups.
• Determine visitor satisfaction levels.
METHODOLOGY

The 2022 Las Vegas Visitor Profile was compiled using a new model compared to prior years, preserving the in-person interviews that had been done in the past while adding an online survey among visitors who had recently departed Las Vegas¹.

For the first six months, approximately 400 monthly in-person interviews were conducted and approximately 200 monthly surveys were conducted online.

During the second half of the year, the number of interviews per month was adjusted to 300 in-person and 150 online interviews per month as the online portion showed it was able to reach a broader range of Las Vegas Visitors and augmented the knowledge of the visitor profile.

In total 6,267 interviews were conducted over the course of 2022.

RESPONDENTS

Qualified survey respondents were visitors to Las Vegas (excluding residents of Clark County, Nevada) who were at least 21 years of age.

For in-person interviews, only visitors who planned to leave Las Vegas within 24 hours were asked to complete the survey.

For the online survey, only visitors who had recently departed Las Vegas or who planned to leave Las Vegas within 48 hours were able to complete the survey.

WEIGHTING

The results of the Las Vegas Visitor Profile have been weighted to reflect actual visitors to Las Vegas more accurately in terms of mode of transportation, lodging location, visitor origin and month of visit. Specifically:

- The mode of transportation weight is derived from a compilation of data provided by the LVCWA, Harry Reid International Airport and the Nevada Department of Transportation.
- The lodging location weight is derived from geographic area specific occupancy rates from independent surveys conducted by the LVCWA.
- The domestic/international visitor origin weight is derived from data from the LVCWA and international visitation estimates from Tourism Economics.
- The month of visit weight is derived from monthly room nights occupied data, also from independent surveys conducted by the LVCWA as part of their ongoing room occupancy audit.

₁ For the first five months (January – May, 2022) visitors had to have left Las Vegas within three days; beginning in June this was decreased to two days.

INTERVIEWING

In person visitors were intercepted in the vicinity of Las Vegas casinos, hotels, and at Harry Reid International Airport. Beginning in 2022 interviews were also conducted at Las Vegas attractions such as the Las Vegas Sign and the Fremont Street Experience.

To assure a random selection of visitors, different locations were utilized on each interviewing day, and interviewing was conducted at different times of the day. Verification procedures were conducted throughout the project to assure accurate and valid interviewing. The online sample was given rigorous quality control by both the vendor and Heart+Mind Strategies.

DATA ANALYSIS

Interviews were reviewed for completeness and accuracy, coded, and entered into a computerized database for analysis. The information was then analyzed using statistical software packages available to Heart+Mind Strategies. The questionnaire administered to visitors is appended to this report in the form of aggregate results.

Throughout this report, charts and graphs are used to illustrate the data. The data presented in these charts are based on the total sample of respondents for 2022 and the preceding years, unless otherwise specified. In charts using proportions, those proportions may not add to 100% because of rounding or because multiple responses were permitted.

STATISTICAL SIGNIFICANCE

When a difference between observations in one or more years for a particular measure is reported, there is a 95% or better chance that the difference is the result of a true difference between the measure compared over these years and is not due to sampling error alone. This is a commonly accepted standard for statistical significance testing in market and public opinion research.

This report presents the results of the 2022 study, as well as for 2021 and the previous three calendar years before the pandemic (2017, 2018, and 2019; no report was issued in 2020).

Statistically significant differences in the behavior, attitudes, and opinions of visitors from year to year are pointed out in the text of the report.
WHY VEGAS: REASONS FOR VISITING

A quarter of visitors were first-timers.

One in four (24%) Las Vegas visitors were making their first trip to Las Vegas, up from 20% in 2021.

Average number of visits steadily increasing.

The average number of visits to Las Vegas in the past year for all visitors was 2.0 in 2022, up from 2017 – 2019 results.

Among repeat visitors, the average number of visits was 2.3, up from 2017 – 2019 results. Over one-half (52%) of repeat visitors made more than one visit to Las Vegas over the past 12 months.
Most repeat visitors did not wait very long in between their last visit and this one. Six in ten (62%) repeat Las Vegas visitors said they had visited Las Vegas recently, at least one other time within the past two years.

Main reason for most visits is just fun! Over one-half (58%) of 2022 visitors said the main purpose of their trip was for vacation/pleasure, up from 2017 – 2021 results.

First-timers are on vacation; Repeats more likely come for relatives, business, or sporting events.

First time visitors to Las Vegas were more likely than repeat visitors to say the purpose of their visit was vacation or pleasure (65% vs. 56%), to attend a wedding or get married (4% vs. 1%), or that they were just passing through Las Vegas (4% vs. 2%).

Repeat visitors were more likely than first time visitors to say they were visiting for business, either for a convention or corporate meeting (6% vs. 3%) or for other business purposes (4% vs. 2%), or to say they were visiting friends or relatives (13% vs. 8%), or attending a special event (6% vs. 4%) or a sporting event (4% vs. 1%).
A quarter of visitors came to Las Vegas for a personal special occasion, such as a birthday, anniversary, etc. Visitors were asked if they had come to Las Vegas for a special personal occasion, and over one-quarter (26%) said they had.

**FIGURE 6: Visiting for Special Personal Occasion**

Birthday trips are popular, followed by wedding related trips. Visitors who said they had come to Las Vegas for a special personal occasion were asked what the special personal occasion was, and nearly half (48%) said it was for a birthday. Romance was also in the air, as over one-third of these visitors said the special occasion was an anniversary or romantic getaway (17%), a wedding (10%) or a bachelor or bachelorette party (8%).

**FIGURE 7: Special Occasion Visiting For This Trip**
Business visits rebounding from pandemic induced restrictions.

Nearly one in ten (9%) visitors said they had attended or worked at a convention, trade show, association or corporate meeting during their trip, rebounding from 4% in 2021 and in line with 2017 – 2019 results.

Business visitors more interested in attending their business meeting because it’s in Las Vegas.

Among those who attended a convention or corporate meeting during their visit, nearly two-thirds (63%) said they were more interested in attending the event because it was in Las Vegas, a big increase from pre-pandemic results.

More business visitors extending their stay to enjoy leisure time in Las Vegas.

About six in ten (58%) of those who attended a convention or corporate meeting said they extended their stay for leisure purposes, up from 44% in 2021. Among all convention visitors, the mean length by which they extended their stay was 1.7 nights, up from 1.2 nights in 2021.

Visitors mixing work and pleasure during their stay.

Among employed visitors, one in eight (12%) said they did some work during their visit, down from 19% in 2021.
Travelers starting to take more time to plan their trip.

Over one-half (54%) of Las Vegas visitors planned their trip more than a month ahead, up from 48% last year. About one-third (35%) planned their trip from a week to a month in advance, down from 43% last year, while 11% planned their trip less than a week in advance.

Visitors arriving by air crosses into majority.

Just over one-half (51%) of visitors arrived in Las Vegas via air. In past years the majority of visitors arrived by ground transportation.
ON THE GO

Majority of visitors travel around town via car.

Nearly six in ten visitors drove either their own (44%) or a rental vehicle (14%) during their visit. Four in ten (40%) used a ride sharing service, continuing a steady increase.

![How I Got Around Las Vegas](image)

Note: Multiple responses permitted

More visitors exploring Downtown Las Vegas.

About six in ten (58%) visited Downtown Las Vegas during their stay, showing a steady increase compared to past results.

![Visited Downtown Las Vegas](image)
Fremont Street Experience a key draw for Downtown.

While one-half (50%) of visitors who went Downtown said the main reason was to see the Fremont Street Experience, more visitors than last year said they were sightseeing (9%) or that they came Downtown to shop (6%) or to meet friends or relatives (3%).

Six in ten visitors who did not visit Downtown said it was because either they did not have enough time or interest (30% each). More visitors than last year said it was because Downtown was inconvenient or out of the way (14%, up from 6%) or that they prefer the Strip (11%, up from 9%). Only 2% said they did not visit because they were not familiar with Downtown, down from 7%-14% in previous years.
Adjacent sightseeing starting to pick back up.
About one in six visitors (16%) visited nearby destinations before or after their trip to Las Vegas, up from 12% in 2021.

FIGURE 18: Visited Other Nearby Places

12% in 2021
19% in 2018

FIGURE 19: Other Nearby Places Visited
(Among Visitors to Other Places)

Note: Not asked in 2017 or 2019.
Visitors mostly plan ahead and decide where to stay before they leave home.

Nearly all visitors (98%) decide where to stay either before leaving home or while en route to Las Vegas, similar to recent years.

Few visitors used a travel agent/advisor when planning their trip.

Five percent (5%) of visitors used a travel agent/advisor in planning their trip to Las Vegas, up from the 3% who gave this response in 2021.
Most visitors stay at a hotel. Nine in ten (90%) visitors stay at a Hotel, down from 96% in 2019 (pre-pandemic). Eight percent (8%) of visitors stayed with friends or relatives.

Strip still rules as most popular place to stay. While 2 out 3 visitors stayed on the Strip, more lodged at a variety of locations outside of Strip Corridor compared to recent years.

* Note: The Strip Corridor includes properties located directly on Las Vegas Boulevard South, as well as properties near the Strip, between Decatur Blvd and Paradise Road.
**TRIP PLANNING**

Booking through a website or app is still #1 choice. Similar to 2021, more visitors (73%) are booking online, compared to pre-pandemic, and fewer are booking through travel agents or in-person. One in six (16%) booked by calling the property directly, up from 13% in 2021.

**FIGURE 24: Method of Booking Accommodations**
(Among Those Who Stayed in Hotel)

With gradually improving feelings of travel security comes more advanced trip planning. While still lower than pre-pandemic levels, visitors in 2022 who booked their accommodation a month or more before the trip (50%) was up compared to 2021 when the pandemic was still prevalent and causing uncertainty in travel planning.

**FIGURE 25: Advanced Booking of Accommodations**

GAMING

GAMING: BEHAVIOR AND BUDGETS

Strong gaming budgets continue.

Three out of four (75%) visitors gambled during their stay. Among those visitors, the average amount of time spent gambling was 2.6 hours, down from 3.0 hours in 2021. The overall gaming budget among gamblers was $761.22, up significantly from pre-pandemic figures.

![Figure 33: Gambled While in Las Vegas/Gaming Budget/Hours of Gambling](image)

Visitors focusing their time within fewer casinos during stay.

Las Vegas visitors went to an average of 4.3 casinos during their stay, down from 5.7 casinos in 2021. They gambled at an average of 2.2 casinos, down from 3.2 last year.

![Figure 34: Number of Casinos Visited/Gambled](image)

Note: Not asked in 2017 or 2019
ACTIVITIES: ENTERTAINMENT ACTIVITIES AND SPENDING

Spending on food/drinks continues to increase for all visitors.

Among all Las Vegas visitors, including those who spent nothing, spending on Food/Drinks continues to increase since 2018, reaching its all-time high in 2022 ($519.23). Shopping has decreased from 2021 spending levels, returning to levels comparable to 2019. Local transportation spending ($138.74) was higher than pre-pandemic results. Show/Entertainment has significantly increased from recent years to $117.29 in 2022. Sightseeing spending decreased from past results to $13.98. Spending on sporting events was $15.81, an increase from pre-pandemic results.

FIGURE 35: Average Trip Expenditures
(All Visitors)
Among spenders, food and beverage, shows and entertainment and local transportation saw increases.

Food/Drinks trend remains the same as non-spending visitors, with an all-time high of $527.13 in 2022. Shows/Entertainment has increased significantly from $177.21 in 2021 to $309.76 in 2022, while shopping ($270.95) has decreased to around 2019 pre-pandemic levels. Local transportation spending in 2022 ($189.79) is up significantly from past years, while spending on sightseeing ($64.16) has decreased.

FIGURE 36: Average Trip Expenditures
(Among Spenders)

Percentages of respondents who spent money in each category are shown in the following table:

</table>
Show attendance improving from pandemic lows. Three in ten (30%) visitors attended shows or entertainment during their visit, up from 19% in 2021, but still less than 51% in 2019.

Interest in attending paid attractions (other than shows) increasing. Visitors who went to paid attractions (37%) is at its highest level compared to previous years. It has increased from pre-pandemic years (ranging from 20-28%), and from 35% in 2021.

Note: Not asked in 2021
ACTIVITIES

Attendance at sporting events increasing.
The proportion of visitors attending sporting events (6%) has increased compared to pre-pandemic years.

More visitors are spending time viewing sporting events during their stay.
One in six (16%) visitors viewed sporting events while visiting Las Vegas. This could be at a sportsbook, watch party, or on TV.

FIGURE 40: Attended Sporting Event/Viewed Sporting Event

Note: Not asked in 2021
Visitor satisfaction remains strong.

About four in five visitors (77%) were very satisfied with their visit to Las Vegas. Overall satisfaction has not yet fully recovered from pre-pandemic years, but is improving compared to 2021 (70%).

Among visitors not fully satisfied with their stay, different reasons are mentioned.

Las Vegas met or exceeded expectations among majority of visitors.

Las Vegas met expectations for more than half of visitors (53%) in 2022 and exceeded expectations among (41%) of visitors.

Visitors enjoy Las Vegas so much that they want to come back again.

Nearly nine in ten (87%) are extremely or very likely to return to Las Vegas for vacation or leisure.
WHO’S HERE: VISITOR DEMOGRAPHICS

2022 Visitors were overall more likely to be single, employed, and younger than recent years. About one in three visitors were single, significantly higher than pre-pandemic levels. A higher share were employed, in part due to a decrease in the number of visitors who are retired or homemakers. More visitors were also under the age of 40 than in previous years.

INTERVIEWER!

If you are conducting the interview at a Downtown location, circle “YES” (1) in Q20 and ask Q21. If you are not Downtown, read the following to respondent before Q20:

“There are two main areas where hotels, motels, and casinos are located in Las Vegas. One area is referred to as The Strip. The Strip includes all the properties on or near Las Vegas Boulevard. The other area is referred to as Downtown Las Vegas. Downtown includes all the properties on or near Fremont Street.”

Point out the “Downtown” and “Strip” areas on the map as you read the above explanation. If it helps the respondent, also point out where on the map you are currently located.

20. While in Las Vegas, have you visited the Downtown area? (POINT OUT THE DOWNTOWN AREA ON THE MAP.)

- YES ........................................................................... 58%
- NO .......................................................................... 40%
- DK/NA ...................................................................... 2%

21. What is the MAIN REASON you [visited/are visiting] the Downtown area? (ASK AS AN OPEN-END. ACCEPT ONLY ONE RESPONSE. WRITE RESPONSE IN BLANK BELOW.) (N=3658)

- Lodging Downtown .................................................. 9%
- To see the Fremont Street Experience .................. 50%
- To gamble ................................................................... 8%
- To dine ........................................................................ 8%
- To see a show ............................................................ 2%
- To shop ...................................................................... 6%
- To see/attend a free event ........................................ 1%
- To sightsee (other than the Fremont Street Experience) .................. 9%
- Meet friends/relatives .............................................. 3%
- To see/attend a paid event ........................................ 1%
- Other (SPECIFY): .................................................. 2%
- NOT SURE/DK ........................................................ 0%
- REFUSED/NA ........................................................... 0%

(ASK ONLY IF “YES” IN Q20.)

22. Is there any particular reason why you did not visit Downtown Las Vegas? (ASK AS AN OPEN-END. ACCEPT ONLY ONE RESPONSE. WRITE RESPONSE IN BLANK BELOW.) (N=2488)

- Not enough time .................................................... 30%
- Unfamiliar with Downtown ...................................... 2%
- Don’t like Downtown; It’s a bad area ....................... 5%
- Only interested in/Prefer the Strip ........................... 11%
- Not interested (GENERAL); Didn’t want to; No reason to; Seen it already .................. 30%
- Inconvenient; Out of the way ................................. 14%
- Have children; Didn’t want to take children there ................. 4%
- Prefer another area (not the Strip) ......................... 1%
- Too hot / bad weather ............................................ 0%
- Too crowded / too much traffic .............................. 1%
- Other (SPECIFY): .................................................. 0%
- DK/NA ...................................................................... 1%
23. On this trip to Las Vegas, where did you lodge?  
(ASK AS OPEN END. ACCEPT ONLY ONE RESPONSE. CIRCLE CODE NUMBER. INTERVIEWER: A "LODGING" IS ANY PLACE THE RESPONDENT SLEPT OVERNIGHT. SOME PEOPLE COME TO LAS VEGAS AT NIGHT JUST TO GAMBLE THROUGH THE NIGHT AND LEAVE THE NEXT DAY. THESE PEOPLE DID NOT "LODGE" ANYWHERE (CODE #5000).) 

**TYPE OF LODGING**
