

INTERNATIONAL ESTHETICS, COSMETICS & SPA CONFERENCE AND THE INTERNATIONAL BEAUTY SHOW

The Host Committee welcomes back the International Esthetics, Cosmetics & Spa Conferences (IECSC) and the International Beauty Shows (IBS) for their 28th year. IECSC and IBS will both be held over the course of three days, June 15–17, in the Las Vegas Convention Center.

IECSC Las Vegas is the largest spa conference and exposition in the U.S. with a leading conference program and dynamic trade show floor. Spa and wellness professionals will have access to over 123 product-focused classes, and more than 600 exhibitors that will allow them to purchase products, see the latest trends, and learn the newest techniques emerging in the spa and wellness market.

IBS Las Vegas allows attendees to experience it all. Beauty professionals will have the opportunity to attend over 100 free educational classes, and hands-on workshops and summits taught by leading industry educators, in addition to having full access to over 450 exhibitors.

Both shows are anticipated to attract more than 25,000 attendees for an estimated \$42.6 million in total impact.

Help Las Vegas welcome these spa and beauty professionals by posting on social media using the template provided below.
