Ms Perez,  
Executive Assistant  
LVCVA Board

Thank you for your the quick email response that invalidates, one of my statements at LVCVA Tues Nov 10th Board Meeting, during Public Comment.

How is best to correct this? Maybe the following statement would be added to your minutes of the Nov 10th, meeting? Or a shortened version of it?

[Note: Immediately after the Nov 10th, 2020 LVCVA Board Meeting, I was personally notified via an email from Ms. Silvia Perez, that I had been sent, an email, that countered my verbal statement in Public Comment. This references my suggestion to that LVCVA explore use of lightly salted distilled water, personally sprayed into individual's mouths to normalize the Corona -19 Virus.

I apologize to the LVCVA Staff and Board for saying I hadn't received a response from them. Thank you for LVCVA Staff's good work and the Board's continued work to give the best to Southern Nevada.

Signed Daniel Braisted, Resident]

Shorten or smooth it, anyway you wish ... or wait till Minutes are to be voted on next meeting, and submit a correction?

Good afternoon, Mr. Braisted, I hope you are doing well.

Mr. Hill reached out to two medical research professionals regarding your first question, please see their responses below. In addition, Mr. Hill provided answers to your other two questions. Stay safe.

“ I too have not heard of that. What the literature supports is any chlorhexidine mouthwash, which has always been used for treatment of gingival health anyway. The recent studies indicate that a routine preprocedural mouthrinse could reduce the bacterial aerosols - the recommendation in most are 0.2% chlorhexidine gluconate. I hope that helps. “

“No data and I don't know why this would work. The virus is not very sensitive to tonicity of the surrounding medium.“

On #2 – The Boring Company site remains a construction site, so they aren't doing tours at this time.

On # 3 – no, I'm not aware of meetup.com

Hi Silvia Pls Forward to Mr. Hill

Dear Mr Hill:

Three items:

1) Did you understand my seeking, if spraying lightly salted distilled water into our mouths, will it normalize the Corona 19?

I called and emailed Southern Nevada Health District with that question... Still no answer. I've ask Mayor Goodman to ask her son. Still no answer. Who do you recommend I forward the question to?

2) Tip of the Hat on going forward with The Boring Company... Who and how do I contact at The Boring Company to set up an on scene class on what they are doing, for my group VegasInventors?

3) Do you know about Meetup.com?

Thank You,  
Daniel Braisted
