

**Regular Meeting of the Board of Directors
October 13, 2020
Minutes**

The Regular Meeting of the Board of Directors (Board) of the Las Vegas Convention and Visitors Authority (LVCVA) was held at the Las Vegas Convention Center, 3150 Paradise Road, Las Vegas, Nevada 89109, and telephonically on October 13, 2020. This meeting was properly noticed and posted in accordance with the State of Nevada Executive Department Declaration of Emergency Directives 006, 016, 018, 021, 026, 029, and 033, dated March 22, 2020, April 29, 2020, May 7, 2020, May 28, 2020, June 29, 2020, July 31, 2020, and September 30, 2020, respectively.

Board of Directors (Board)

Present telephonically unless otherwise noted

Commissioner Larry Brown, Chair
Ms. Marilyn Spiegel, Vice Chair
Councilman John Marz, Secretary
Mr. Anton Nikodemus, Treasurer
 Mr. Scott DeAngelo
 Mayor Pro Tem Michele Fiore
 Mayor Carolyn Goodman

Councilwoman Pamela Goynes-Brown
 Ms. Jan Jones Blackhurst
 Mayor Kiernan McManus
 Councilman George Rapson
 Ms. Mary Beth Sewald
 Mr. Steve Thompson
 Commissioner Lawrence Weekly.....*absent*

LVCVA Executive Staff present

Steve Hill, CEO/President
 Caroline Bateman, General Counsel
 Ed Finger, Chief Financial Officer
 Brian Yost, Chief Operating Officer
 Kate Wik, Chief Marketing Officer
 Lori Nelson-Kraft, Senior Vice President of Communications
 Stana Subaric, Senior Vice President of People & Culture
 Constance Brooks, Vice President of Public Affairs & Diversity

OPENING CEREMONIES – CALL TO ORDER

Chair Larry Brown called the meeting to order at 9:00 a.m.

Caroline Bateman, General Counsel, took roll call of the Board members.

COMMENTS FROM THE FLOOR BY THE PUBLIC

Aleta Dupree (telephonically) expressed her thoughts on the importance of Agenda Item 6, Banking and Financial Services, discussed trends in digital payment options, and stated her support of the approval of this agenda item.

APPROVAL OF AGENDA AND MINUTES

**APPROVAL OF
THE AGENDA
AND MINUTES**

Vice Chair Marilyn Spiegel moved, and it was carried by unanimous vote of the voting members, to approve the October 13, 2020, Regular Meeting of the Board of Directors agenda, and to approve the minutes of the September 1, 2020, Regular Meeting of the Board of Directors.

PRESENTATIONS

Presentations by the LVCVA Staff

Steve Hill, Chief Executive Officer (CEO)/President, provided an update on the LVCVA's expansion project, and detailed the progress of the construction of Station Two of the TBC (The Boring Company) LVCC Loop project. Mr. Hill provided information on the status of the Las Vegas Monorail purchase and noted an October 22nd deadline for bid submissions from other prospective, prequalified buyers of the Las Vegas Monorail. Mr. Hill explained that if another purchase bid is submitted, a sale auction will take place on November 3rd. Mr. Hill also shared his anticipated timeline of the transaction completion.

Mr. Hill provided information on a recent Stadium Authority agenda posting which included a request for approval for Mr. Hill (as Chair of the Stadium Authority) to execute a Land Use Permit application with The Boring Company, and described a map depicting the conceptual route for the Vegas Loop system through the Las Vegas Strip area. Mr. Hill explained the process for Land Use application submissions and commented on ongoing conversations with Strip properties regarding the system and its route. Mr. Hill explained that the project would be completed in phases, and recognized LVCVA Board Chair Brown and Former Chair Lawrence Weekly for their contributions to this project and expressed optimism in receiving approvals to move the project forward, during their tenure as County Commissioners.

Mr. Hill detailed The Boring Company tunnel system and its funding, stating that The Boring Company would be funding the construction of the main tunnel, and any properties wishing to have a station along the main tunnel would be funding the costs of those stations.

Mr. Hill described Las Vegas as "the most innovative and exciting destination in the world" and expressed excitement in the continuation of that sentiment with the completion of The Boring Company project.

CONSENT AGENDA

Matters listed on the Consent Agenda are considered routine and may be approved in a single motion or may be moved to the discussion portion of the agenda.

Mr. Hill explained that agenda items 1-5 were on the consent agenda, provided a brief description of each item, and requested the approval of the items.

Member Anton Nikodemus made a disclosure related to Consent Agenda Item 1, Request to Approve Las Vegas Events (LVE) Funding for USA Basketball Showcase to be held at T-Mobile Arena, and provided that he is employed by MGM Resorts International, which is a joint venture with T-Mobile Arena. Member Nikodemus acknowledged this is a citywide event intended to benefit the destination as a whole, and stated the independence of judgment of a reasonable person in his situation would not be materially affected by his employment with MGM Resorts and he will be voting on the matter.

MARKETING DIVISION

- ITEM 1. **Request to Approve LVE Event Funding: USA Basketball Showcase - July 2021**
That the Board consider approving the distribution of funds to LVE in the amount of \$170,000 to fund the following: 1) USA Basketball Men's National Team Training Camp in July 2021 at UNLV's Mendenhall Center; and 2) USA Basketball Men's National Team Exhibition Game in July 2021 at T-Mobile Arena.
- Fiscal Impact
FY 2022: \$170,000 Expenditure
- ITEM 2. **Request to Approve LVE Event Funding: World Series of Team Roping – December 5-13, 2020**
That the Board consider approving the distribution of funds to LVE in the amount of \$100,000 to fund the World Series of Team Roping December 5 - 13, 2020. The event will be held at South Point Equestrian Center.
- Fiscal Impact
FY 2021: \$100,000 Expenditure

GENERAL GOVERNMENT DIVISION

- ITEM 3. **Health Plan of Nevada, Inc. Fully Insured Health Maintenance Organization**
That the Board consider authorizing the Chief Executive Officer (CEO)/President to enter into an amendment and extension of the Group Enrollment Agreement with Health Plan of Nevada, Inc. (HPN) to provide health care services for the effective dates of January 1, 2021 to December 31, 2021, in an amount not to exceed \$2,050,000.

Fiscal Impact

FY 2021: \$950,000 Expenditure

FY 2022: \$1,100,000 Expenditure

- ITEM 4. **Amendment to the Interlocal Agreement with Clark County Establishing the Self-Funded Group Medical and Dental Benefits Insurance Plan**

That the Board consider authorizing the Board Chair to execute an amendment to the Interlocal Agreement among Clark County, the Clark County Water Reclamation District, the University Medical Center of Southern Nevada, the Las Vegas Valley Water District, the Clark County Regional Flood Control District, the Regional Transportation Commission of Southern Nevada, the Southern Nevada Health District, the Henderson District Public Libraries, the Mount Charleston Fire Protection District, the Las Vegas Metropolitan Police Department, and the LVCVA establishing the Clark County Self-Funded Group Medical and Dental Benefits Plan (Plan) to add the Moapa Valley Fire Protection District to the Plan to allow the Chief of the Moapa Valley Fire Protection District to be eligible for Plan participation.

- ITEM 5. **Amendment to the Clark County Self-Funded Group Medical and Dental Benefits Insurance Plan**

That the Board consider authorizing the Board Chair to execute an amendment to the Self-Funded Group Medical and Dental Benefits Plan (Plan) among Clark County, the Clark County Water Reclamation District, the University Medical Center of Southern Nevada, the Las Vegas Valley Water District, the Clark County Regional Flood Control District, the Regional Transportation Commission of Southern Nevada, the Southern Nevada Health District, the Henderson District Public Libraries, the Mount Charleston Fire Protection District, the Las Vegas Metropolitan Police Department, the Moapa Valley Fire Protection District, and the LVCVA revising Plan coverage, benefits, and participants for the 2021 calendar year in an amount not to exceed \$3,325,000.

Fiscal Impact

FY 2021: \$1,525,000 Expenditure

FY 2022: \$1,800,000 Expenditure

Vice Chair Spiegel moved, and it was carried by unanimous vote of the voting members, to approve the items on the Consent Agenda as requested by staff.

LVCVA STAFF REPORTS AND REQUESTED ACTIONS

GENERAL GOVERNMENT DIVISION

- ITEM 6. **Banking and Financial Services**
Ed Finger, Chief Financial Officer (CFO), requested that the Board consider authorizing the CFO to execute a one (1) year extension for banking and financial services with Banc of America Merchant Services, LLC (BAMS), collectively with Bank of America, N.A., for the period from November 16, 2020 through November 15, 2021, in an amount not to exceed \$185,000.

Fiscal Impact

FY 2021: \$115,000, consisting of \$110,000 credit card processing fees and \$5,000 bank analysis fees.

FY 2022: \$70,000, consisting of \$67,500 credit card processing fees and \$2,500 bank analysis fees.

Vice Chair Spiegel moved, and it was carried by unanimous vote of the voting members, to authorize the CFO to execute a one (1) year extension for banking and financial services with Banc of America Merchant Services, LLC (BAMS), collectively with Bank of America, N.A., for the period from November 16, 2020 through November 15, 2021, in an amount not to exceed \$185,000.

COMMENTS FROM THE FLOOR BY THE PUBLIC

Aleta Dupree expressed enthusiasm for the completion of the Monorail purchase, described past experiences with subway systems, and expressed excitement for the future of transportation and other projects in Las Vegas.

Shaundell Newsome, Chairman of the Urban Chamber of Commerce Board, echoed Mr. Hill's comments regarding innovation and provided background on Senate Bill 1 (SB1) and its inclusion of small businesses. Mr. Newsome encouraged the continued commitment to the inclusion of Nevada small businesses in procurement activity and expressed appreciation for Chair Brown's leadership in that area.

Jon Astor White, President/CEO of Las Vegas Entertainment and Sports Television, provided background of his August 11, 2020 public comment where he provided information to the Board on the following: 1) The proposed launch of a worldwide television network; 2) his entertainment and production background; 3) the dismissal of a 2017 lawsuit against the LVCVA and others; and 4) conversations with the LVCVA's former attorney and its CEO/President. Mr. Astor White provided information on his television network and on his entertainment background and described a plan for the employment of entertainers and sports stars. Mr. Astor White stated an updated written proposal was sent to the Board and LVCVA and R&R Partners staff, that was rejected by the LVCVA's Chief Marketing Officer, and stated he is considering re-filing a lawsuit against LVCVA. Mr. Astor White requested the proposal be re-visited by LVCVA and R&R Partners staff and a meeting be scheduled to address any questions to resolve the matter.

Ms. Bateman informed the Board that a written public comment submission was received from Osato Ighodaro and read the public comment submission into the record as follows:

"As the country waits and watches the slow response of the federal government to find a solution to this COVID-19 pandemic, I think it is time for Nevada to lead because we have the most to lose if we do not. Here are some dynamic ideas that I think could bring our economy to a full recovery with or without a vaccine:

LVCVA should partner with the state and resorts to develop and fund an aggressive rapid testing program. LVCVA should reallocate \$10 million from its advertisement fund and request \$20 million from state in partnership as down payment for rapid testing. Rapid testing can deliver results in 10 minutes or less at a relatively cheap cost of not more than \$15 per test. The more partners involved the cheaper the testing.

Justification of reallocation of advertisement \$10 million fund: We can advertise Clark County as much as we want, but we won't be able to convince the communities we do business with that Clark County is safe enough for them to visit. Advertising alone is not going to bring our unique business back to full speed before we have full confidence that the vaccine works as it is intended. Even with a vaccine, we are looking at two years from the day I'm writing this letter to reassure the public and to fully bring our economy to pre-pandemic success; that Mr. Chairman is unacceptable because America is the land of talents and great minds that we can develop a system for mass rapid testing. With reasonable support and if politics put aside, we can beat this virus.

The rapid test program should be implemented as follows: 1) The company producing the rapid test kits will be independently verified by third parties to ensure the testing kits are meeting and exceeding standard; 2) Every airline coming to Nevada will conduct pre-boarding COVID-19 testing; 3) Every visitor doing business in Nevada will take a COVID-19 test every 16 hours when continuously engaged with the public; 4) Every business that provides services to Nevada visitors will be required to verify COVID testing results of every patron (visitors and residents) before providing service; and 5) Convention services will require that all participants wear masks properly in addition to testing mention above, frequent hand sanitization, and enhanced touch surfaces cleaning.

How do we pay for the testing? 1) Down payment mentioned above; 2) \$15 addition to airline fee; and 3) One percent sales tax increase for 1 year or ¼ percent room tax increase for 2 years.

I can assure you Mr. Chairman that my family and many Nevadans will only go to restaurants, movie theater, shows, and do other great things that make southern Nevada unique, only if we think other people engaging are COVID-19-free.”

Ms. Bateman acknowledged the three-minute time limit had been reached and stated that the remainder of the public comment would be included in the meeting minutes.

Ms. Bateman stated that the second written public comment was submitted by Las Vegas DSA and noted that 276 residents co-signed the public comment petition to be read into the record, and the list of co-signers will be included in the meeting minutes. Ms. Bateman read the comment into the record as follows:

“This school year Clark County students will attend classes from a remote location. Countless workers now face a critical choice between caring for their children or earning a living. People should not be forced to place their children in vulnerable situations simply because they must work. Families should not see decimated income due to the costs of childcare, internet access, and technology. This potentially catastrophic situation will have far-reaching consequences for Clark County’s working families.

Government has a responsibility to ensure all children have access to safe and equitable resources in order to attend school remotely while households return to work. Given the composition of this agency, its resources, and wide-ranging influence, the LVCVA should support and assist Clark County’s workforce by facilitating or implementing the following: Flexible schedules for workers with children of school age, enhanced and expanded on-site childcare options for workers, funding for community-based childcare and recreation centers, and subsidies for providing students with technology and internet access.

We call on LVCVA’s Board of Directors to assist stakeholders in the current crisis facing Clark County workers by immediately partnering with the school district, gaming, hospitality, and others to ensure the workforce is supported and its children safely and equitably educated. Thank you, Las Vegas DSA Labor Committee.”

Ms. Bateman informed the Board that the last public comment submission was received in several parts from Mr. Daniel Braisted, and two of those comments were not within the jurisdiction of the LVCVA but will be included in the meeting minutes. Ms. Bateman read the remaining two comments into the record as follows:

“I am making an educated guess that the top floors of parking garages are supported with extra steel and concrete to support the heavier vehicles, that might also park on the first levels. I am asking Clark County Commission and possibly statewide, to establish and post at parking garages, individual maximum vehicle weight limits by for each range of floors. These weights would be checked via license plates and actual scales that wouldn't permit overweight vehicles above certain floors. This would allow affordable multiple floor

parking structures in the valley, would cut global warming by cutting the amount of concrete/asphalt being heated by day, would also cut global warming by encouraging drivers to use a light vehicle to attend certain events. And for the LVCVA it would faceplate added temporary parking levels via scaffolding surfaces for lighter vehicles, thus freeing up more outside exhibitor space.”

“Proposal for Nevada Expo Event - Suggest a Nevada Expo to feature our new Las Vegas Convention Center and just products manufactured in Nevada, statewide. Possibly the end of December or second week of January, or both. December event would feature products that could be given as Christmas presents. Focusing on the January Expo: How many Nevada residents know that businesses the State of Nevada manufacture many more things besides dice and playing cards? How about electric 4-wheel all-terrain vehicles for the US Border Patrol? Show space would be free to Nevada manufacturers based on an algorithm that incorporates the company’s Nevada employment numbers and payroll. Additional show space could be purchased. Because having a concentration of potential business customers would be very good “hunting” to Nevada companies, that provide services to these manufactures, the admission price for the Wednesday, Thursday, and Friday would be in the hundreds of dollars for them. The Saturday admission price for one or a family 9 a.m. to 3 p.m. would be \$60 to \$75. Event would provide: Test run of the new facilities, recognition bragging rights for the contractors, unions, suppliers, and LVCVA.

It would allow potential customers and residents to walk the new facility. Trade shows could have an area where they could promote their upcoming trade show in 2021. Residents could also walk the floors and ride the underground transport system, sample the restaurants, and possibly promote the facilities to out-of-state organizations. Exhibitors would be encouraged to present opportunities for interested parties to be trained to market the exhibitor’s products world via an affiliate program. Exhibitors would be encouraged to offer products for sale at the event, to be drop shipped. Possibly send a case of marshmallows to one’s nephew. Possibly there would be a need.”

Ms. Bateman acknowledged the three-minute time limit had been reached and stated that the remainder of the public comment would be included in the meeting minutes.

ADJOURNMENT

Chair Brown adjourned the meeting at 9:39 a.m.

Respectfully submitted,

Date Approved: November 10, 2020

Subject: LVES-TV Proposed Launch Update
Date: Monday, October 12, 2020 1:55:54 PM

TO: Ms. Silvia Perez, Executive Assistant
LVCVA Board Of Directors 10/13/20 Meeting My Public Comments

Good morning, Mr. Chairman and the Board. Again my name is Jon Astor-White, President/CEO Las Vegas Entertainment & Sports Television, Inc. I last spoke to you regarding the proposed launch of our worldwide over-the-air-television network August 11, of this year. I then advised you of my entertainment and production background and the dismissal of our 2017 lawsuit against the LVCVA and R&R Partners and my subsequent positive conversations with the then LVCVA attorney Puschnig who asked me to continue to come to the LVCVA with my projects and I later met with President Steve Hill and stated to him I would E-Mail him later.

As I mentioned it has taken me until now; which my associates and I feel that this is the perfect time to launch our worldwide TV Network which has many ancillary components to be the best **MARKETING VEHICLE TO CONTINUALLY MARKET LAS VEGAS - 24/7, 365 DAYS A YEAR WORLDWIDE OVER OUR TV NETWORK**. In addition to the network it self - due to the fact that I am the co-creator the the long running "Peoples Choice Awards" seen on CBS-TV from 1974 thru 2018, I created the "Hall Of Fame Weekend" featuring the "Vegas Star Awards" like the "Tonys", but for Las Vegas. Due to the closure of our Entertainment and Sports; like the NBA - we will establish a Bubble for our Entertainers and Sports stars and their associated workers to get back to work, with our hotel casino partners with our advertisers as backers.

We sent our updated written proposal to the Board and to the Agents of the the LVCVA and R&R Partners and had a conference call meeting, September 21, 2020. On September 25, we received a rejection response from Ms.Kate Wik; to which I immediately sent my reply with a copy of their former evaluation that her response was in total conflict with our on-going relationship with the LVCVA and would notify you the Board during your next meeting, this morning, that we are considering re-filing a lawsuit to resolve this matter. With that said; we hereby suggest that this LVCVA Board and respective LVCVA & R&R Partners Agents revisit our proposal, then, we again can have a meeting within the next 14 days to address any questions and see if we can reach a happy medium. If not, we will feel free, to again, file Legal Action to protect the integrity of our proposal, to vastly market and revive Las Vegas; and to allow the Courts to decide this matter. Thank you, for your time and consideration.

Subject: COVID Recovery Steps
Date: Sunday, October 11, 2020 7:48:05 PM

Hi Ms. Perez,
Please forward this to the board for the upcoming 10/13/2020 meeting
Thank you

Dear Chairman Larry Brown,
As the country waits and watches the slow response of the federal government to find solution to this COVID 19 Pandemic, I think it is time for Nevada to lead because we have the most to lose if we do not.
Here are some dynamic ideas that I think could bring our economy to a full recovery with or without a vaccine:

LVCVA should partner with the state and resorts to develop and fund an aggressive rapid testing program. LVCVA should reallocate \$10 million from its advertisement fund and request \$20 million from state in partnership as down payment for rapid testing. Rapid testing can deliver results in 10 minutes or less at a relatively cheap cost of not more than \$15 per test. The more partners involved the cheaper the testing.

Justification of reallocation of advertisement \$10 million fund:
We can advertise Clark County as much as we want, but we won't be able to convince the communities we do business with that Clark County is safe enough for them to visit. Advertising alone is not going to bring our unique business back to full speed before we have full confidence that the vaccine works as it intended. Even with vaccine, we are looking at 2 years from the day I'm writing this letter to reassure the public and to fully bring our economy to pre-pandemic success; that Mr. Chairman it's unacceptable because America is the land of talents and great minds that can develop a system for mass rapid testing. With reasonable support and if politics put aside, we can beat this virus.

The rapid test program should be implemented as follows:

- 1) The company producing the rapid test kits will be independently verified by third party to ensure the testing kits are meeting and exceeding standard.
- 2) Every airline coming to Nevada will conduct pre-boarding COVID 19 testing.
- 3) Every visitors doing business in Nevada will take a COVID 19 test every 16 hours when continuously engaged with the public.
- 4) Every business that provides services to Nevada visitors will be required to verify COVID test results of every patron (visitors and residents) before providing service.
- 5) Convention services will require that all participants wear masks properly in addition to testing mention above, frequent hand sanitization, and enhanced touch surfaces cleaning.

How do we pay for the testing?

- 1) Down payment mentioned above.
- 2) \$15 addition to airline fee

3) One percent sales tax increase for 1 yr or ¼ percent room tax increase for 2 yrs

I can assure you Mr. Chairman that my family and many Nevadans will only go to restaurants, Movie Theater, shows, and do other great things that make southern Nevada unique, only if we think other people engaging are COVID 19 free. I also think our clients feel the same.

I strongly recommend that your team and Steve Hill's team use this as a template for an ultra-speedy recovery. This way Nevada will lead the nation and the world as the safest place to do business. Mr. Chairman, let's show the world why our community is the place to do business.

I would like a feedback on this issue in your next board meeting

Thank you,

Osato Ighodaro

Las Vegas Convention & Visitors Authority and others,

276 local residents have signed a petition on Action Network - Demand LVCVA Support Working Families.

You can view each petition signer and personal statements in the attached files. Here is the petition they signed:

This school year Clark County students will attend classes from a remote location. Countless workers now face a critical choice between caring for their children or earning a living. People should not be forced to place their children in vulnerable situations simply because they must work. Families should not see decimated income due to the costs of childcare, internet access, and technology. This potentially catastrophic situation will have far-reaching consequences for Clark County's working families.

Government has a responsibility to ensure all children have access to safe and equitable resources in order to attend school remotely while households return to work. Given the composition of this agency, its resources, and wide-ranging influence, the LVCVA should support and assist Clark County's workforce by facilitating or implementing the following:

- Flexible schedules for workers with children of school age.
- Enhanced and expanded on-site childcare options for workers.
- Funding for community-based childcare and recreation centers.
- Subsidies for providing students with technology and internet access.

We call on LVCVA's Board of Directors to assist stakeholders in the current crisis facing Clark County workers by immediately partnering with the school district, gaming, hospitality, and others to ensure the workforce is supported and its children safely and equitably educated.

You can view each petition signer and personal statements they made in the attached files.

Thank you, Las Vegas DSA Labor Committee

												Greetings. I'm a register nurse of nearly 14 years. After having worked in chaotic ER/trauma center for many years, I'm now a school nurse. Working directly with our community, it's harrowing to see how many of our families are struggling. While I hope we'll be poised to serve our students and families more directly, we need help. This is your chance to step up and help serve our community more directly. Do the right thing.

LVCVA,

Please do whatever is necessary to keep our workforce and children safe in Las Vegas and the community. As a 100% Disabled American Veteran be I believe the State of Nevada can make necessary arrangements to help all those concerned. The Substitute Teachers are being put in a vicarious and dangerous situation. I cannot believe that our state which makes huge profits from the sale of Cannabis fail to provide for the challenges our substitute, labor, and children face. Priorities need to be addressed. Any student without a computer or device to complete the process of getting an education should be able to obtain one because of the profits from the sale of Cannabis. This should include Substitute teachers and instructors as well. These Substitute teachers are vital but get shortchanged by a school administration which doesn't have to pay for health costs or the same pay scale even though many have qualifications that are necessary for our children to gain valuable education. Chidtren and workers

As a stagehand working out of IATSE local 720, ninety percent of my income is derived from building conventions. They can build miles of new convention space but they don't give a dime for the people who make these shows happen, during a pandemic.

Lisa - 89113

Greetings. I'm a registered nurse for nearly 14 years. After having worked in a chaotic ER/trauma center for many years, I'm now a school nurse. Working directly with our community, it's harrowing to see how many of our families are struggling. While I hope we'll be poised to serve our students and families more directly, we need help. This is your chance to step up and help serve our community more directly. Do the right thing.

Lillian - 89149

As a new resident of Clark County, I am concerned about the city's working families' quality of life. An important aspect of any working family's quality of life is access to child care and a good education. The pandemic has forced families to choose between working for an income or making sure their child is educated and cared for. The LVCVA and city council can help stabilize and remove some of the precarity from their lives by subsidizing childcare and support the school district to meet the educational needs of children. Addressing those two problems will make working families' lives a little easier and help Las Vegas come back stronger than ever.

Alice - 89011

Help my father who has been working in the casino business for over 30 years!

Louis - 89178

It is the responsibility of the government to ensure the safety and well-being of its citizens. It cannot be stated any simpler than that.

Daniel - 89110

LVCVA has the power to help support working families. Use that power to help the people you serve...

Walter - 89145

My partner works trade shows and conventions. Our livelihood has been severely impacted by the lack of conventions and tourism.

Delia - 89122

Support the community when it is in need. We are all in this together now, and we'll continue to be together when this nightmare is over. Help fellow Nevadans.

Louis - 89002

The Las Vegas Convention and Visitors Authority should support working families.

Nelson - 89074

This situation is unprecedented but it is not impossible to handle. Do the right thing for the community that keeps Las Vegas running.

Troy - 89108

Subject: DB Submission for LVCVA Meeting Oct 13, 2020 BDR Dead Beat Dads
Date: Monday, October 12, 2020 4:59:27 PM

Sylvia Perez:
LVCVA

At the Clark County Commission Meeting and City Council Meeting last week

I brought the concept that Dead Beat Dads should not be attending professional or college sports

I included an article from May 4, 1998 Sports Illustrated "Where's Daddy"

I defined a "Dead Bet Dad" as parent, who didn't have money for Child Support, yet money to attend the Professional and College sports; NASCAR and other Races; Vegas shows, nightclubs, and the many festivals Las Vegas is famous for..

I noted that new technology (Bank fraud units, LifeLock, driver license scanners, etc.) makes it fairly easy to know what was spent, where, for what, and by whom.

I was asking my elected representatives to put a stop to Dead Beat Dad Expenditures, for events like those listed above.

I am adding one exception a child of that parent was an active participant in the event in question (noting usually the parent is comped for such events)

Ideally whatever systems we develop locally would be promoted by Mayor Carolyn Goodman, via her National Mayor Association (1000 top cities)

BIG Question is would Las Vegas Events support this effort for the good of the children and taxpayers or block it for the good of the promoters
