

Nightclub & Bar Show 2019

The Host Committee asks for you to raise your glass to give a welcoming toast to the Nightclub & Bar Show (NCB Show) returning to the Las Vegas Convention Center March 25–27.

The Nightclub & Bar Show is the nation's most influential gathering of approximately 39,000 bar and nightlife professionals from across the U.S. to learn, network and grow the industry. The 2019 show will host 600+ exhibitors for two days on an innovative expo floor, educate industry experts over three days in comprehensive conference programs, and offer an unparalleled nightlife lineup experience.

This year, celebrate your passion for the food and beverage industry at the new co-located F&B Innovation Conference to learn the restaurant industry's latest collection of innovative ingredients, technology, equipment and beverage trends. Whether you're an independent owner, chain owner, quick-serve restaurant operator or chef, energize your business and find exciting ways to increase revenue through technology and quality ingredients.

The NCB Show will generate an expected \$57.3 million in economic impact for the destination.

Help us welcome attendees by posting on social media using the template provided below.
