COMMENTS FROM THE FLOOR BY THE PUBLIC

Aleta Dupree commented on item 9, and expressed the importance of telecommunications and support of item 13 regarding a lease agreement for LVCVA office space.

Michael Urban, Counsel for Service Employees International Union (SEIU) Local 1107, offered copies of the Memorandums of Understanding (MOU) relating to item 12 and stated he is available for questions from the Board.

Chair Brown asked if Mr. Radel would like to speak on the item during his allotted public comment time. Mr. Radel asked if there would be a chance to speak during the hearing, to which Chair Brown replied no.

Mr. Radel explained the allotted time period for use of the Birthday Holiday had been extended from 60 days to 90 days in the LVCVA's employee handbook in September 2016, but hadn't been extended in the Collective Bargaining Agreement (CBA), and explained the proposed modification of the Canine Officer position to become a union position. Mr. Radel stated both issues were addressed by former LVCVA Chief People Officer Barbara Bolender, who advised an MOU to be created to amend those subjects. Mr. Radel expressed confusion as to why the MOUs are being brought to the Board nine months after being signed.

Fiscal Impact

CY 2020: Not to exceed \$1,125,000

Member Goodman asked if the shows were notified in advance of the assessment taking place, to which Mr. Finger acknowledged there was a delay in the passage of information to the LVCVA and its customers, and assured staff is working to remedy the situation.

Member Goodman asked if the Board will be advised if any problems arise, to which Mr. Finger concurred.

Member Goodman clarified this was only for January and February, to which Mr. Finger responded the request includes the first three large shows, including ConExpo/Con-Agg.

Member Goodman asked if this was a national effort, and will it penalize the LVCVA in the long-term efforts to obtain convention business, to which Mr. Hill commented on recent action to eliminate requirements for indoor booths, and stated the impact would be primarily on booths of a specific size that are constructed outdoors. Mr. Hill informed that there will be future conversations on whether requirements should be modified, particularly looking at wind load on large multi-story outdoor booths.

Chair Brown clarified the International Business Code's intended target was large, outdoor temporary structures, but in relying upon it, Clark County building officials inadvertently captured everything. Chair Brown acknowledged communication errors on the part of the County, assured stakeholder engagement in future communications, and outlined public safety components to be addressed in regard to large multi-story outdoor facilities.

Vice Chair Spiegel moved and it was carried by unanimous vote of the voting members present, including Member Rapson via telephone, to: 1) Authorize the CEO/President to execute amended agreements with Muller Construction, Above the Ceiling, and Las Vegas Civil Engineering for exhibitor booth engineering services not to exceed a cumulative amount of \$625,000; and 2) Authorize the CEO/President to pay all Clark County permit fees related to these design services not to exceed \$500,000.

Conduct a Public Hearing on the proposed amendments to the CBA between the LVCVA and SEIU, Local 1107

Chair Brown opened the Public Hearing on the proposed amendments to the CBA.

Mr. Urban distributed copies of the (attached) Memorandums of Understanding, and stated his concerns regarding the effective date of March 1, 2019 and the acceptance of the language by the Board, specifically that of the affected employee's longevity.

Mr. Finger confirmed the hire date of the employees will drive all CBA-entitled benefits received and agreed the March 1, 2019 date is correct.

Chair Brown apologized for his earlier erroneous comment to a public speaker that there would not be another chance to speak, and invited Mr. Radel to express any additional comments, to which Mr. Radel declined.

No additional members of the public expressed interest in addressing the Board during the public hearing.

	<u>\$7,991,000</u>	<u>\$5,000,000</u>	<u>\$12,991,000</u>

This item also authorizes an early termination provision after the third year. The cost of the early termination provision is \$1,034,090. If exercised, approximately \$4.0 million of rent for years 3-6 would not be paid.

*\$1,034,090 of fiscal year 2021 rent is prepaid rent paid to contractor for owner's portion of tenant improvement, abated in rent payments from months 1-22 of the lease.

Member Goodman asked what the long-term plans were as far as any consideration of a lease option to purchase the building, and what measurements will be used to assess future growth and development of the LVCVA. Mr. Finger responded the risk analysis is operational rather than financial. Mr. Finger stated the LVCVA intends to use approximately $\frac{1}{4}$ of the 300,000 square-foot building and that the option of purchasing the building was explored, but not recommended. Mr. Finger outlined the details of the proposed lease and described other lease scenarios that were considered.

Member Goodman asked what the alternatives were, to which Mr. Finger answered they were to lease other space, build on property, or renovate inside existing facilities. Member Goodman asked how deeply those alternatives were explored specifically the improvements on the back side of the property on Joe Brown Drive, to which Mr. Finger answered the facility on Joe Brown Drive isn't viable for administrative office space and further detailed the evaluations of several alternative options that have taken place in the past, leading to the selection of the current recommendation.

Member Goodman asked why the South Hall option failed, to which Mr. Finger explained converting meeting space to administrative office space creates a revenue loss of approximately \$1 million per year, and the cost of the proposed lease is "washed" by that revenue loss, not including the at least \$15 million in renovation costs for converting South Hall space into office space.

Member Goodman asked if there was a long-term plan for the LVCVA property on Joe Brown Drive, and expressed her thoughts on the importance of proximity between administrative office space and the convention center. Mr. Finger agreed on the importance of proximity, and stated the 101 Convention Center Drive address is ideal, as it is "on the front door" of the expansion. Mr. Finger clarified the LVCVA property on Joe Brown Drive that Member Goodman referred to is the land on the east side of Joe Brown Drive which houses the Public Affairs department, and a small parking lot which is utilized during shows. Mr. Finger confirmed the property will be used in the future, and is a valuable asset.

Member Goodman asked what the long-term plans are for office space and how old the [101 Convention Center Drive] building is, to which Mr. Finger replied it was built in the '70s. Mr. Hill reiterated the breadth of due diligence in office space options described by Mr. Finger, and agreed moving administrative offices outside of walking distance of the convention center campus is not a good idea. Mr. Hill stated the move to 101 Convention Center Drive is the long-term plan as it is the best financial outcome for the organization, unless the lease experience is deemed unacceptable. Mr. Hill discussed the potential that the LVCVA's occupation of the building will attract other convention service businesses to occupy the space as well.

Member Goodman asked who owns the [101 Convention Center Drive] building, to which Mr. Finger answered it is a business entity with co-owners Vegasstarr LLC and Concord Prime LLC.

Vice Chair Spiegel moved and it was carried by unanimous vote of the voting members present, including Member Rapson via telephone, to authorize the CEO/President to enter in to a lease in an amount not to exceed \$12,991,000 for office space, including tenant improvements, and parking space at 101 Convention Center Drive with Vegasstarr LLC and Concord Prime LLC.

COMMENTS FROM THE FLOOR BY THE PUBLIC

Aleta Dupree provided thoughts on the new convention center expansion building, the underground transportation system, the office lease, proposed the use of electric rental bikes, and commented on the use and storage of solar based electricity.
