

22 M. Southern Norway - 22nd-25th of September

Pearls on a string

The white towns along the coast of Southern Norway — like pearls on a string.

On this trip we will explore the towns from Kristiansand to Tvedestrand.

Local food, boat trips in the archipelago, guided walks, Ibsen Museum and a Seaweed safari are on the program.

Southern Norway is the Norwegian's own summer paradise, but there is more to explore in the shoulder season.

Welcome!
