## Lofoten Winter adventure for the active

LOFOTEN has been welcoming guests from near and far for hundreds of years and now it's your turn to savour a taste of what Lofoten has to offer. The natural history and landscape of Lofoten are truly majestic and breath-taking, and the region is a mecca for those seeking inspiring walks, canoeing, diving, climbing, surfing, skiing, and lots more besides. All you must do is relax and have fun. The Arctic light is truly spectacular with the northern lights from September to March and the midnight light from May to August.

The program will be subject to change and will adapt to weather and needs of the participants. Please do not hesitate to contact me for further input or requests, we will try to accommodate the best we can.

Best regards

Vegeir Selboe

|                                 |  |       |           |

#### PRACTICAL INFORMATION

#### RECOMMENDED CLOTHING

In order for your stay in Norwegian Lapland to be as comfortable as possible, it is important to have the right clothes. Bring warm and comfortable clothes and shoes. We recommend wearing 100% wool or similar quality clothing next to your skin. Layer your clothing, so that you can easily regulate your temperature by removing or adding a layer. Outer clothing should be lined and windproof. Most activity organisers supply clothing for excursions, i.e. thermal suits, shoes, hat and mittens.
