Fam.trip Mosjøen & Bodø, culture and food

Northern Lights over Bodø - Gøran Kristensen_Visit Bodø

Mosjøen & Bodø, culture and food

(Northern Norway)

Description

A journey from the stone age to the European capital of culture 2024!

In 2024, Bodø will be the first European Capital of Culture north of the Arctic Circle! On this trip, we will proudly show you how it all began, how our famous fjords and mountains were made. You will experience and learn how Norwegians have lived above the Arctic Circle for thousands of years. You will get to see a fast-growing, smart and sustainable city, with spectacular nature combined with urban city life, great hotels and restaurants. And hopefully, you will also get to meet Lady Auroura, the Northern Lights!

Stone age lunch at Tuvsjyen @Tuvsjyen
