Mr. Keller

I have reviewed the flight tracks and found that your property is in the arrival/departure path for RWY 14/32 (crosswind).

The use of this runway has increased due to seasonal traffic and it's preferential use by operators using the Net jets facility.

A new taxiway, planned construction to begin in the late summer ( 2015) will help to reduce the use of this Runway.

Thank you

Casandra R. Davis

**Subject:** FW: Airport Comment Added

Mr. Holmes,

Thank you for your comments.

No, Sir there is no other prescribed corridor for runway 10L/28R which was being used on both days.

A new noise comment/suggestion has been added.

Airport: PBI (Palm Beach International Airport)

Phone Number: 914-469-3667

Street Address: 325 Greymon Drive

City: West Palm Beach

Zip Code: 33405

Comment/Suggestion:

I wonder why "ALL" the airline traffic has to go over my house...this past

easter week,

April 4rd-5th, over 161 airlines flew

over my house?! Is there no other flight plan they can take?!

Date: 04-04-2015

Time: 22:25 85

Check Boxes: 95,98,100

Ms Torres,

The current use of the crosswind runway is due a lighting strike on the main runway.

Normal use of the main runway will resume as soon as the electrical components (which were affected) are repaired.

Thank You.

City: West palm beach

Zip Code: 33405

Comment/Suggestion:

Increase in very large commercial airliners flying path over my house late night between 10pm - 11pm.

Tonight I was woken by the high pitch noise of a jet flying overhead - takeoff or landing at 1030pm.

Date: 04-20-2015
