## Comment and Suggestion Form

General Information	
<b>First Name:</b>	Angela
<b>Last Name:</b>	Falise
<b>Email:</b>	<a href="mailto:Angiefalise@comcast.net">Angiefalise@comcast.net</a>
<b>Comments:</b>	The airport continues to allow air traffic to move north of Belvedere Rd and yet denies this is occurring. Now I have planes that are traveling directly above my Mango Promenade district, as well as El Cid. Why is this occurring and why are planes not on landing ONLY over the water and take off heading west. This makes no sense that this continues to infringe on the properties located in the historic and downtown areas

where the population sees the greatest impact.
