Ms. Pretel,

In response to your inquiry (below). We have shared your complaint and concerns with Stellar Aviation in efforts to find a resolution to this activity.

*This is not a comment but a complaint. The helicopters at lantana airport are OUT of control.*

*They are flying so low that they are barely clearing the pine trees in my backyard.*

*The noise is constant and disruptive. I feel unsafe in my own home at how low they are flying.*

*They are not supposed to be training over residential neighborhoods. Please have Lantana Airport get a hold of this situation.*

**We apologize for the delayed response to your comment as we have made technical changes to the website.**

Thank you for your comments.
