

PORT EVERGLADES TARIFF NO. 12

Item No. 610—Conditions governing storage of cargo.

Issue No. 1

Effective Date: October 1, 2006

Port Everglades does not engage in the warehouse business. Transit sheds and open storage facilities are provided only for assembling and expediting waterborne commerce at Port Everglades. The acceptance of cargo for terminal storage is at the option and discretion of The Port Everglades Department. To apply for storage, franchised steamship agents or vessel representative must complete and submit a Port Everglades Storage Application. In addition, franchised steamship agents and vessel representatives shall complete all other documentation required by this Tariff, including a Storage Inventory Count Form.

Any cargo left in or on the premises of Port Everglades in excess of free time and not accepted for storage will be subject to wharf demurrage charges, or may be sent to a commercial storage facility at the expense and risk of the franchised steamship agent or vessel representative.

Storage charges published herein are applicable only on cargo received from or to be delivered to vessels over wharfs or piers of Port Everglades.

Highly flammable, explosive or obnoxious cargo will not be accepted for storage.
